

Ohio's Corn Crop To Show Increase

COLUMBUS, Ohio (AP)— Contrary to the national outlook, Ohio can expect a 17 per cent increase in corn production this year, according to the U.S. Agriculture Department's Crop Reporting Service.

Vaughn Siegenthaler, an agricultural statistician, said Monday about 280 million bushels of corn are expected to be harvested in Ohio this year compared to 240 million bushels in 1973.

A 12 per cent decline has been forecast for corn production nationally, mostly because of drought conditions.

Ohio also has had a shortage of rainfall, and the federal report brought sharp contradiction from state Agriculture Director Gene Abercrombie.

"I couldn't imagine anything more wrong," Abercrombie said. "Our corn crop will be at least one third off of what it was last year."

The report, based on actual field surveys, predicts that an acre of Ohio land will yield less corn this year, 76 bushels per acre compared to 1973's 79 bushels per acre.

However, government officials

Deadlock Strikes Cyprus Conference

GENEVA, Switzerland (AP) — A new attempt to revive the deadlocked Cyprus peace talks apparently failed today with the cancellation of a scheduled ministerial meeting that was to hear Turkey's "final compromise" offer on the political future of the troubled island.

Glafcos Clerides, Greek Cypriot president of Cyprus, told reporters there might be a meeting Wednesday. Official Greek sources said British Foreign Minister James Callaghan had proposed a 48-hour recess and that this had been accepted by Greece.

Turkish Foreign Minister Turan Gunes told reporters upon leaving the Geneva United Nations headquarters, "I don't think I will come back."

In Ankara, Turkish Premier Bulent Ecevit met with his chief of staff and said afterward his government expected a positive or negative answer to its proposals for a Cyprus solution by midnight.

"Afterwards we will decide whether to continue with the conference," he said.

In Athens, diplomatic sources reported U.S. Ambassador Henry Tasca delivered an urgent message to Premier Constantine Caramanlis from Secretary of State Henry Kissinger.

They gave no details, but there was speculation the message was concerned with the Cyprus peace negotiations in Geneva.

Nixon Still Believed To Be Worth Millions Of Dollars

WASHINGTON (AP) — Richard M. Nixon is still worth millions, although his financial papers don't show it.

Nixon's disclosure of his net worth late last year did not mention what is almost certainly his single greatest asset: The tapes, papers and memorabilia accumulated during his many years in public life.

A professional estimate made five years ago placed the value of documents and mementos Nixon

Nine Iowans Injured By Tornadoes

By THE ASSOCIATED PRESS

Heavy rains doused Iowa, northern Illinois and lower Michigan early today after tornadoes injured at least nine persons in Iowa.

Thundershowers fell throughout the middle Mississippi Valley. Cedar Rapids, Iowa, recorded over an inch of rain.

Showers also were reported in the central Gulf states, northern and central Rockies and western Plains, and were scattered throughout the Middle Atlantic states.

Eight persons were injured in a tornado which struck Ryan, Iowa. Twenty-five homes, a church, a lumber company and an elementary school were described as total losses by authorities.

Another tornado churned through an area north of Ladora, Iowa, Monday evening causing one injury. Other twisters touched down at Davenport, Iowa, and northeast of Moline, Ill.

Golfball-size hail fell at Cambridge in northwestern Illinois, and winds gusting nearly 60 miles per hour struck Dallas, Tex.

Most other sections of the country had fair skies early today. Clouds hung over the Carolinas and along the coast of southern California, however, and dense fog covered the Appalachians.

Nighttime temperatures were mostly in the 50s from the northern Great Lakes to the north Pacific Coast and New England. Seventies were common over the southern half of the nation.

attribute the jump in total production to a 22 per cent increase in acres of corn planted in 1974.

Siegenthaler blamed the lack of rain for the expected decrease in corn per area, but said the recent drought was "played up a little too much."

He said talk about the state applying for disaster funds "may have been an overreaction to money figures. It's been dry, granted, but I don't think it's been that dry. It's not a dust bowl—that's a disaster."

Based on indications as of Aug. 1, a decline is likely nationally in corn and soybean production this year, Siegenthaler said. But Ohio appears to be faring better than most states. He said he has not seen individual forecasts for other states.

The forecast said the Ohio soybean crop will probably fall 11 per cent below last year's figure. It said Ohio can expect to produce 80 million bushels of soybeans in contrast to 90 million bushels in 1973.

The U.S. Department of Agriculture expected the decline, Siegenthaler said, because Ohio farmers didn't plant as many acres of soybeans as they did last year.

The Greek Cypriots had planned to present a new proposal to the Geneva conference today for the political reorganization of their island after rejecting a Turkish demand for six autonomous regions for the Turkish Cypriots.

Details of the Greek counterproposal were not immediately available. But Turkish Foreign Minister Turan Gunes said his government would not be satisfied with a bland declaration of good will. He asserted that the Turkish proposal which the Greek Cypriots turned down would have been a "big concession" for the Turkish Cypriots.

Turkish sources said Gunes proposed a patchwork of six autonomous cantons for the island's 120,000 Turkish Cypriots. The sources said these Turkish Cypriot areas would total about 33 per cent of the island's 3,572 square miles. More than half of the Turkish territory would be the enclave captured by the Turkish invasion force around the northern port of Kyrenia.

Greek Foreign Minister George Mavros was reported to have agreed to the principle of the Turkish plan at a meeting Monday with Gunes and British Foreign Minister James Callaghan. But President Glafcos Clerides of Cyprus, the leader of the 520,000 Greek Cypriots, rejected the plan at a meeting with Callaghan and Vice President Rauf Denktaş, leader of the Turkish Cypriot minority.

collected before he became president at nearly \$1.5 million. The value of that collection which Nixon still owns presumably increased when he attained a unique place in history by being the first president of the United States to resign.

But by far the most valuable items are Nixon's presidential tapes and documents. At the moment, most of them remain in the White House, but they are considered his personal property and will be sent to him at his request, a government official said.

The Nixon presidential papers, while obviously of great potential value, have not yet been catalogued or appraised.

A spokesman for the General Services Administration, parent of the National Archives, said all papers accumulated in the White House during the Nixon years—except treaties, legislation and similar documents of state—are considered the personal property of the ex-president.

The spokesman said that the famous White House tapes are considered to be among the papers, but no decision has been made on where the tons of documents will be sent.

The Special Watergate Prosecution Force has some materials already and has requested others for use as evidence in various investigations. But officials said those eventually will be returned to Nixon when they are no longer needed by the courts.

Ralph G. Newman, the Chicago appraiser hired by Nixon to evaluate vice presidential papers given to the National Archives, estimated in 1969 that the most valuable materials in the Nixon collection at that time were 1,250 papers, 750 tapes and 100 films.

The papers, consisting primarily of letters to Nixon from American and foreign dignitaries, were removed from the correspondence file given to the government and retained for Nixon. Newman said they were worth \$250 each.

The vice presidential tapes, which have an estimated average length of 15 minutes and could contain nothing as important as the secretly recorded White House tapes, were appraised at \$25 each. The films were listed at \$250 each.

Ford To Fight Inflation

WASHINGTON (AP) — President Ford is moving swiftly to plan an economic summit conference to battle the inflation he labeled "Domestic Enemy No. 1." And he is pressing Congress to act within 10 days to revive the government's tools to monitor wages and prices.

Congressional Democrats joined Republicans in applauding the tone of Ford's presidential keynote speech Monday night. But some said they will have to be convinced the new President can find the correct cure for the nation's soaring prices.

Ford spoke to a packed House chamber and millions across the country, calling on Congress to join "in getting this country revved up and moving" and pledging to seek a balanced federal budget in the fiscal year starting next July 1.

He never referred directly to the Watergate scandal that drove Richard M. Nixon from the presidency last week but pledged, "There will be no illegal tapings, eavesdropping, buggings or break-ins by my administration." And Ford mentioned his predecessor's name only once, declaring he has supported and will continue "the outstanding foreign

policy of President Nixon."

He made no mention of perhaps his most immediate problem — the choice of a new vice president. Senate Republican Leader Hugh Scott said earlier Monday Ford is "nowhere near" making a decision.

As he emerged from his house in suburban Alexandria, Va., this morning, Ford was asked if he has chosen a vice president.

"No, no, one thing at a time," he said with a laugh.

At the invitation of the Fords, the former president's daughter, Julie Nixon Eisenhower, and her husband David joined the new First Family in the Executive Gallery. The former President watched at his San Clemente, Calif., home and wired Ford: "Congratulations on a Splendid Speech."

On the floor of the House chamber, an unusually large number of congressmen and senators were present to hear the 38th President outline his goals for the two-year, five-month remainder of Nixon's shattered presidency.

Ford proposed little specific legislation—the wage-price

monitoring authority now and a health insurance measure before the end of the year.

And he said the nation's voters should support the candidates this November "who consistently vote for tough decisions to cut the cost of government, restrain federal spending and bring inflation under control."

Waves of cheers and applause thundered across the cavernous chamber as Ford was escorted in. And members of both parties cheered when the 25-year congressional veteran declared his motto towards Congress: "Communication, conciliation, compromise and cooperation."

But the applause was noticeably louder from Ford's fellow Republicans, than from the majority Democrats, when the President pledged to fight for a balanced budget while maintaining a strong defense.

"It's going to be quite a trick to balance the budget by fiscal 1976, and not cut the Pentagon budget," said Sen. Phillip A. Hart, D-Mich.

"He said the things the country wanted to hear. His big task now is to find the solutions," said Sen. Henry M. Jackson, D-Wash.

Sen. Barry Goldwater, R-Ariz., said "it was exactly what the country needs. I agree with what he said on the economy and the defense budget."

In urging an economic summit conference, to be composed of congressmen, senators, businessmen, labor leaders and executive branch officials, Ford acknowledged he was adopting a plan first pushed by Senate Democratic Leader Mike Mansfield and later pushed by five freshman senators.

"Neither I nor my staff have much time just now for letter writing," he said. "So I will respond in person. I accept your suggestion and I will personally preside."

The President declared he plans to hold the meeting "at an early date and in full view of the American public. They are as anxious to get the right answers as we are."

Aides said later the target date is within two weeks and added that it may be open to national television coverage.

Ford, an aide said, "is really pushing this ... he wants it to be not just a show thing, not just a collection of people listening to speeches."

Food Costs To Rise Again

By LOUISE COOK
Associated Press Writer

Americans can expect higher supermarket prices next year because of smaller-than-expected farm harvests this fall.

That was the message that economists and food industry sources got from the Agriculture Department's report on Monday that the nation's corn harvest would be lower than at

any time since 1970.

"It isn't a disastrous situation, but it's a serious one," said Richard Lyng, president of the American Meat Institute.

"It does mean in 1975 upward pressure on food prices. There's no question about that," said Dawson

'Mail-A-Book' Service Set By Library

The Pickaway County District Public Library announces a new "Mail-A-Book" service for those whose physical condition or remoteness from the library makes it difficult for them to use its facilities.

At the present time, the service is specifically directed toward the rural route boxholders, handicapped persons, shut-ins, and the infirm elderly. This "Mail-A-Book" service will be available about September 15, 1974. Those eligible will be receiving "Mail-A-Book" catalogs through the mail. The catalog will contain lists of paperback titles available. The titles include adult fiction and non-fiction, hobby and craft books, and books for children and teenagers.

This program will be administered by the Ohio Valley Area Libraries (OVAL). Wellston, Ohio. Catalog holders will mail their selections to the OVAL Office in Wellston. Books will be mailed from and returned to the OVAL office. Patrons will not be charged for postage on either mailing. It is not necessary to have a library card to participate in this service. A special grant from the State Library of Ohio to OVAL to perform this service for the local library makes this program possible.

The Pickaway County District Public Library is one of twelve public libraries, located in eleven southeastern Ohio counties who are members of Ohio Valley Area Libraries (OVAL), a voluntary association of libraries funded by the State Library of Ohio through a grant. The purpose of the grant is to assist the member libraries to improve library services through updated book collections, staff training, and better reference services.

Ahalt, an economist for the Department of Agriculture.

Agriculture Secretary Earl L. Butz told a meeting of poultry producers in New Orleans that food prices may go up 14 per cent this year. That's 2 per cent higher than earlier estimates.

Butz said the exact increase would depend on "wage rates in the food processing and packaging industry."

The government marketbasket for June, the most recent month available, showed that food prices rose 3 per cent in the first half of the year. The July figures for retail prices aren't ready yet, but a recent report showed wholesale food prices went up 3.6 per cent last month, indicating another boost at the supermarket.

Heavy rains during spring planting season, followed by hot, dry weather that reached drought proportions in much of the Midwest, cut sharply into the nation's harvests of corn and soybeans—two key grains used to feed dairy cows, beef cattle and poultry.

Butz repeated earlier claims that "the impact of the drought has been overestimated." He said it was serious, but noted that the wheat crop—harvested earlier—was better than last year's.

Lyng and other experts said it was hard to tell just what impact the lack of corn would have on food prices. Most agreed that over the long run, the consumer can expect to pay more for meat and milk.

Last year's corn harvest was about 5.6 billion bushels. Early this spring, the Agriculture Department predicted a 1974 harvest of 6.4 billion bushels. That was lowered to an estimate of between 5.95 and 6.35 billion bushels.

Monday, the department said its best guess was that farmers would harvest 4.97 billion bushels—down 12 per cent from last year.

Rains that fell over the Midwest last weekend, too late to affect the current crop report, helped the later-harvested soybean crop. But much of the corn already was destroyed.

Gov. J. James Exon of Nebraska, where officials say the drought already has cost the state economy \$2 billion, said the smaller harvests undoubtedly would push up food prices next year.

Taylor Withdraws Resignation

Dr. John Bowers, chairman of the Circleville Board of Public Utilities, today announced that Charles Taylor has reconsidered his resignation as utilities director.

Dr. Bowers said the board unanimously accepted a letter from Taylor requesting the board disregard his letter of resignation of last month.

Police Charge Men In Photo Shop Theft

Three men face a variety of charges in connection with the looting of a display window at Schreiner's Photographs, 134 W. Main St., according to Circleville Police. Sgt. Larry Pontius.

Police arrested the trio Monday after the men were spotted in the area shortly after the 12:43 a.m. Aug. 9 theft occurred.

Samuel Stanley, 26, Kingston, has been charged with breaking and entering and grand theft as a result of the police investigation. He is also charged with forgery on a warrant from Chillicothe Police, federal parole

violation, and a stop sign violation.

Ronald Ivan Snyder, 21, 336 E. Mound St., has been charged with receiving and concealing stolen property, and Thomas Griffey, 27, 465 Watt St., is charged with grand theft.

Snyder and Griffey have been released from city jail on recognizance bonds.

Police said a 14 by 20 inch hole was made in the window on the east side of the store. About \$2,285 in camera equipment was taken from the display area.

Most of the merchandise has been recovered, police report.

BICENTENNIAL COMMUNITY—Pickaway County was recognized officially as an American Revolution Bicentennial Community Monday with the presentation of the Bicentennial Flag. It is only one of 15 such recognized communities in Ohio. Pickaway's observance of the Bicentennial Celebration begins this year with the Chief Logan program Oct. 5-6 at Logan Elm Park.

Presenting the flag was Robert E. Cecile, (left) chairman of the Ohio Bicentennial Commission, to Walton Spangler, (right) chairman of the Pickaway County Bicentennial Commission. Pickaway County Commissioners L. Robert Liston, Dick T. Tootle and Wayne Hines were present for the presentation.

Markets

NEW YORK (AP) — The stock market fell sharply today in the face of surging prices in the agricultural-commodity markets.

The noon Dow Jones average of 30 industrials was down 11.35 at 755.94, and losers outweighed gainers by 7 to 3 on the New York Stock Exchange.

Nearly all grain-futures contracts rose the limit allowed for one session on the Chicago Board of Trade today in the wake of an estimate by the Agriculture Department Monday that this year's corn and soybean crops would be reduced sharply because of adverse weather. Analysts said this development carried the implication of increased inflationary pressures.

Polaroid was the NYSE's most-active stock, down 7/8 at 25 as selling showed up in a wide range of glamor issues.

On the American Stock Exchange, the market-value index was down .48 at 78.21.

General Motors fell 1/4 to 41 3/4 on top of a 2 3/4-point drop Monday, when President Ford expressed disappointment at the approximately 10 per cent price increase posted by GM late last week.

The NYSE's noon composite index of all its listed common stock was off .57 at 41.28.

Giant Yellowknife Mines was the Amex volume leader, down 7/8 at 13 3/4.

Sheep 25. Spring slaughter lambs steady, near 75 head over estimate, choice and prime 85-100 lb 39.00-41.00.

Emergency Rescue Squad Progress Outlined To Solons

John Adkins and Ernie Lindsey visited with Pickaway County Commissioners Monday to discuss the emergency squad service that is being formed.

Adkins told commissioners Wayne Hines, Dick Tootle and Robert Liston that 30 people are undergoing training by the Ohio Department of Education. They will complete 60 hours of training in late October or early November, will then receive another 26 hours including 20 hours in the Berger Hospital Emergency Room.

On Sept. 19 a class will begin for an additional 30 trainees. Adkins said they hope to have at least 15 people from the Pickaway Twp. area for the second class.

By late October, the service should be operational according to Adkins. He informed commissioners he has permission from Paul Dean for the EMR squad to use the Civil Defense emergency vehicle temporarily until

one is obtained through state funds for the local squad.

The unit will be based at Berger Hospital. Adkins said it will be staffed with two volunteers on a round the clock basis.

Commissioner Dick T. Tootle told Adkins and Lindsey to prepare the necessary application papers for the EMR vehicle grant as soon as possible. Cost of one unit is approximately \$14,500.

Adkins said although the EMR squad is presently being organized to service Circleville and the southern part of the county that long range plans call for a county-wide service. The northern part of the county is presently serviced by the Commercial Point and Harrison Twp. Squads. Circleville will have a reciprocal agreement with the emergency rescue squads, just as the fire departments do, Adkins pointed out.

Commissioners accepted a bid of \$2,546 plus trade of a 1969 truck for a new pick-up truck for the engineer's department. Harden Chevrolet submitted the only bid.

Solons Show Affection For Ford

WASHINGTON (AP) — The applause was for the President of the United States. The cheers were for Old Friend Jerry.

Presidents have waved to congressmen in recognition before. For President Gerald R. Ford, congressmen waved back.

Congressmen and senators have become presidents before. But not this way. Not by appointment to the vice presidency and resignation of a president.

Clearly he was among friends in his first speech to a joint session of Congress, his presidential oath of office not yet four days old.

Political adversaries, yes. Enemies, no.

"Part of my heart will always be here on Capitol Hill," said President Ford, and no one doubted it. Twenty-five years in Congress is a long time and, as Ford said at his inauguration, old habits are hard to change.

There was a special lilt, an emphasis on the word "President," as Fishbait Miller cried as he has so often before: "Mr. Speaker, the President of the United States."

And there was a smiling snap to Speaker Carl Albert's introduction: "Distinct privilege, high personal honor ... indeed a very personal pleasure."

"I have no need to learn how Congress speaks for the people," Ford said. "As President, I intend to listen."

That could only strike a responsive cord in an audience that has grumbled for years about being treated like wretched stepchildren.

The last time a president, Richard M. Nixon, addressed a joint session there were some hisses. That State of the Union message Jan. 30 was less remembered for the goals and achievements of the administration than for the assertion that "one year of Watergate is enough."

Ford's only reference to the Watergate scandal that was Nixon's downfall and his own accession, received the longest applause.

"There will be no illegal tapings, eavesdropping, buggings or break-ins by my administration," said the new President.

It was one of the few times that Julie Nixon Eisenhower and her husband, David, did not join the applause in the Executive Gallery.

Fear Grips Cypriots In Village

ALAMINOS, Cyprus (AP) — In a dry water course below Mrs. Arif's stone house lies the body of her husband, moldering in the fiery Cypriot sun.

Each day she stumbles down a rocky path to look with horror on the cadaver and the crows feeding on it.

On the rise above the town square are mounds beneath which 13 other village men are buried. An old hunchback takes visitors by the shoulder and points with a gnarled stick to a bullet-marked stone wall where he said Greek soldiers executed the men in reprisal for the deaths of two Greek Cypriots.

Just outside the village in a once-lush peach and orange grove, now dying for lack of water, Feysal Hassan tells of the disappearance of her husband Mustafa, the village's Moslem religious leader.

Three days ago, as the 62-year-old man tended his fruit trees, a burst of gunfire was heard. All that could be found of Mustafa next day were bloodstains under a peach tree and a wet white fez.

This is one of the island's numerous mixed villages of Greek and Turkish Cypriots, some controlled by the Greek side, some by the Turks. The Greeks dominate this one, having overrun the few Turkish defenders on the first day of the war. The United Nations is sending troops to these places to keep the peace.

But "there are only six of us," says a young Austrian lieutenant in Alaminos. "We have no authority to prevent the Greek troops shooting here or looting. We can only wait and see what happens and report back to headquarters."

They can't even bury the body of Mrs. Arif's 85-year-old husband.

"Yes, we know about him," said the lieutenant as he strolled through the winding streets of the shimmering white village cradling a submachine-gun in his arms. "But we do not have the authority to interfere."

"He was killed when he tried to run away from the Greeks," said a young blind Turk in hesitant English, tapping his white cane in the dusty patio of an empty coffee shop. "He has been lying there three weeks. We haven't buried him because there are only old men and women here, and we fear the Greek soldiers nearby."

Deaths And Funerals

MR. HARLEY W. REED

Mr. Harley W. Reed, 60, 381 Walnut St., died Monday in Grant Hospital, Columbus.

Born Sept. 14, 1914, in Pickaway County, he was the son of Joseph and Amanda Reed.

Mr. Reed was employed by Container Corporation of America. He was a member of the Ray Ave. Mission Church.

Surviving are two daughters, Beulah Kirkendall, Circleville; Bonnie Fausnaugh, Kingston; one son, Harley M. Reed, Circleville; a step-son, Reynold Williams, Circleville; a foster son, Stanley Crosby, Circleville; nine grandchildren; a sister, Beulah Bucanon, Dayton; and a brother,

Ernest Reed, Circleville.

Preceding him in death were his wife, Violet Crosby Reed; a son, Gerald Reed; and three sisters, Hattie Reed, Charity Showalter, and Ida Lagore.

Pastor Dorothy Conrad will officiate at the funeral service 1 p.m. Friday at Hill Funeral Home, Kingston. Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning 6 p.m. Wednesday.

MRS. MABEL H. PAYNE BIVENS

Mrs. Mabel H. Payne Bivens, 58, 419 Colton Road, Columbus, died 3:55 a.m. Monday at her residence.

Born Jan. 25, 1916 in Ross County, she was the daughter of Earl D. and Myrtle Perry Payne.

Survivors include her husband Ralph W. Bivens; four sons, Curtis Payne, Mt. Sterling; George Bivens, London; Ralph Bivens Jr., Orient; Donald Bivens, Columbus; six grandchildren; six brothers, Harold F. Payne, Circleville; Earl Payne, Columbus; Emerson Payne, Chillicothe; Robert Payne, Williamsport; John Payne, Williamsport; Ward Payne, Columbus; four sisters, Dorothy Bivens, Williamsport; Dora Moss, Frankfort; Katherine Stevens, Columbus; Wyoma Gilispie, Williamsport; numerous nieces and nephews.

The funeral service will be 1 p.m. Thursday at the Springbanks Cemetery in Chillicothe.

Friends may call at the O. R. Woodyard Funeral Home on S. High St., Columbus beginning at 7 p.m. today and beginning 2 p.m. Wednesday.

MRS. MABEL A. STANLEY

Mrs. Mabel A. Stanley, 72, Route 5, died 5:15 a.m. today at the Ohio State University Hospital, Columbus.

Born April 28, 1902 in Prestonsburg, Ky., she was the daughter of Christopher and Beele Miller Hyden.

Preceding her in death was her husband Byrd Allen.

Survivors include one daughter, Mrs. Howard (Belle) Garrett, Route 3; one granddaughter.

The funeral service will be 11 a.m. Thursday at the Defenbaugh Wise McCain Funeral Home with the Rev. C. T. Phillips officiating. Burial will be at the Tarlton Cemetery.

Friends may call at the funeral home beginning 7 p.m. today.

Campus Notes

CAMPUS GUIDES—In training as a campus tour guide, Berea College student June VanDyke, right, watches as Elma Turnbull, a student from West Virginia, demonstrates the operation of the projector for a campus film. June is the daughter of J. R. VanDyke, 602 Clinton St.

Miami University has published President's and Dean's Lists for its three campuses including six area residents. Those qualifying for the President's List must maintain a straight A average for at least 12 credit hours and those named to the Dean's List must have at least a 3.5 grade point average for a minimum of 12 hours. Those qualifying for the rigid standards set by the Presidents List totaled 385 and 1,469 were named to the Dean's List.

Named to the Dean's List were LuAnne Pontious, Amanda; Edwin Everett Beale, Mt. Sterling; Cathy Jane Myers, Mt. Sterling; Amy Clare Mehalick, 319 Woodlawn; Karen Ann Ried, 833 Pershing Drive; Vicki P. Metzger, Route 2, Williamsport.

Among the 340 freshmen who have been accepted for admission this fall to Muskingum College at New Concord is Suzanne E. Kaylor, 119 W. High St. and Stephen L. Watters, 818 S. Court St.

Muskingum, one of the oldest independent liberal arts colleges in Ohio, will be starting its 138th year when classes convene Sept. 4.

Phi Delta Theta General Headquarters has announced the appointment of Richard T. Walters for the position of Chapter Consultant. Walters, the son of Mr. and Mrs. Charles H. Walters, recently graduated from Ashland College with a bachelor of science degree in education.

Mine Shutdown Held To Protest Safety Conditions

HARLAN, Ky. (AP) — A United Mine Workers spokesman says the union's 13-month-old strike against the Eastover Mining Co.'s Brookside mine is "one of a whole host" of problems the union's five-day shutdown is designed to combat.

Bernie Aronson, press spokesman, said the memorial period is aimed principally at drawing attention to safety conditions at the nation's mines and stressed the union doesn't want to "focus on Brookside" in calling the shutdown.

Last week, UMW President Arnold Miller referred to shooting episodes in Harlan County as a "campaign of terror" by Duke Power Co. to try to break the UMW's strike at Brookside. Duke is the parent company of Eastover.

Ashville Council Approves Park Improvement Plans

Unanimous approval was recently given by the Ashville Village Council on the plans presented by May Marion of the Ashville Community Club to improve the park. With the implementation of the plans submitted, the Ashville park will become technically a "park". The project is spearheaded by the Community Club which contributes annually to many local public benefits on which their prime concern has been the Miller Park.

The park plans have been designed by a professional park designer and will basically add-to the present facilities rather than take-away physical facilities. When the work is completed, there will be pathways, small mounds, a beautiful entrance way with "Miller Park" printed in large letters and parking spaces for approximately three cars. The park atmosphere will be complete with flower, trees and shrubbery.

Practically every park has a lake and it was thought Miller Park should be no exception. The lake which is one of the proposed additions to the facilities will add not only to the beauty of the park but will also provide an ideal nature reserve as it will be stocked with various kinds of fish. Possibly the lake will be used as a skating pond in the winter.

While the Community Club is underwriting much of the cost of the project, other local organizations are expected to want to participate in the work and are encouraged to do so. Any section of the plans is flexible to allow

for particular organizations to select a portion to underwrite. Fifty trees can be planted by any one organization or provision of picnic tables, charcoal burners or bleacher improvements can be underwritten. Full credits for the work done will be given to those who help with the park plans.

Every tree and shrub location is systematically measured to provide a more perfect final result.

Through the combined efforts of the Village Council, the Community Club and the Jaycees, the tennis court-volleyball court combination is just about completed. The work has been delayed for several reasons but in the near future, one of the finest courts in the area will be available to the Ashville community.

Proceeds from the Ashville Fourth of July Celebration go toward this type of community improvement and therefore represent all the people.

The village Council wishes to express its appreciation to the Jaycees who under the leadership of Pete McQuain have contributed greatly to the community betterment. The striping, setting of the posts and the hanging of the nets on the tennis courts represent some of the work put forth.

Another project which was complimented as headed by the Jaycees was the installation and hanging of the flags on all patriotic holidays.

Woman Sues To Change Child's Name

COLUMBUS, Ohio (AP) — A Columbus woman who is separated from her husband said she plans to switch back to her maiden name, "and I want my baby to have the same name as I did before."

Rebekah Capoferri, 20, wants her 7-week-old daughter to bear her maiden name, Beck, but so far she has failed in her arguments before a Franklin County Common Pleas Court judge.

"We're dealing with the future rights of the child...not necessarily the wishes of a parent," Judge Jay C. Flowers said.

Flowers has issued a preliminary injunction allowing the Ohio Department of Public Health to list the husband's surname on the child's birth certificate last week.

Mrs. Capoferri's attorney, Ruth Woodling, argued that a child's last name does not affect inheritance or any other rights under the law.

State law requires that a child of an unmarried woman receive its mother's maiden name. The law is silent in regard to married women, she said.

"In many states, it is taken as pro forma that parents can give a child any last name they wish," the attorney stated.

Mrs. Woodling said the only restriction she found was in a booklet issued by the Department of Health saying that a child's father's name must be carried on the birth certificate.

The attorney said she will not appeal the judge's decision on the preliminary injunction, but will wait to argue her case during the trial, expected within the month.

A Page Of Opinion

Why High Sugar Price?

No rational explanation for the price of sugar has been offered, but housewives seem to be more exercised at paying it than most price increases. For more years than anyone can remember, sugar was in such plentiful supply the government felt compelled to

enter into various arrangements to bolster the price.

Compared to present quotations, sugar was always cheap and would have been cheaper except for Washington intervention. At the rate the price of it con-

tinues to rise it may soon join salmon as a once cheap food item which has now become a rarity which soon only the rich can afford. There does not seem to be even the explanation that all of it is being shipped to Russia.

Buildings Coming Down

In every city, the sound of the wrecking ball and the bulldozer can be heard as old — and some not so old — buildings are leveled to make way for modern structures and, in some instances, parking lots.

It is doubtful whether an

equal number of large buildings were razed at any time in the past to make way for progress. Many of the taller buildings now being torn down were built after World War I.

In nearly every project to phase out an older structure,

there is an attempt by concerned citizens to save the building because of historic nostalgia. But if this were done

with all of them, the country would soon be half commercial and half museum.

Don't Lose Credit Card

ON THE LINE
By BOB CONSIDINE

NEW YORK — What's worse, getting rolled for your on-person dough or having your credit card or cards snatched?

If you have your druthers, cough up the cash.

Or, to put it another way, if you're going to lose something like your car or your hair, relax. Just don't lose your card or cards. That can be big trouble. I got a call from the security division of a credit card company not long ago, telling me that my credit card had been picked up. Seems that the bum who was using it had run up a couple hundred dollars worth of charges in saloons and so forth and, emboldened by his success, went into a New York jewelry store to buy a bauble or two for his girl.

He was unlucky. In payment for the jewelry, he offered the clerk my card. The clerk, by a 1,000,000 to one shot, happened to be a reader, or had seen me on a talk show. Whatever, he shouted, "Hey, you ain't him!" The poor bum dropped my credit card and ran.

I hadn't known I had lost it, until the man from security called.

Lord knows how many times something like that has happened since the cards came in and cash went out of fashion.

It is simply mind-scrambling to learn that there are now some 500,000,000 credit cards afloat in American pocketbooks and wallets. Their regular and sporadic users run up about 4,000,000,000 (billion) charge transactions a year. Cards account for more than a half of the \$56,000,000,000 in department store sales each year.

As in the military, somebody always comes up with a defense against the latest offense. The big new defense appears to be TRW Data Systems, of Hawthorne, Calif. It has perfected an electronic private eye it calls the Validata system. If you look sharply enough, you may see one of the gadgets sitting beyond a counter or a grille as innocent-looking as a kid's computer. But it is connected to computers thousands of miles away, computers which when queried via Validata buttons, can tell whether the would-be customer's card has been stolen or lost, how often it has been used in the past few weeks, how much credit the holder has, and what-not.

It's spooky, but it works — usually in three seconds. The system has already saved millions of dollars for the airlines, a special target for bogus card carriers. Now it is being installed in what might be called even more sensitive areas — the Gaslight Clubs,

Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — Since the economy is the No. 1 problem, President Gerald Ford's honeymoon isn't likely to have an indefinite run.

Eventually, if not immediately, he must decide on what anti-inflation course he will pursue. And that means he might offend large segments of economic society, despite his desire for cooperation and mutuality.

The schools of economic thinking today can be divided and subdivided more sharply than at almost any time in a decade or more. In the extreme, one side insists on an economic straightjacket, the other urges more freedom.

This division is partly the legacy of five years of experimentation that led the Nixon administration back to where it began — tight money, a spending holddown, a balanced budget.

Alan Greenspan, who was Nixon's choice to be chairman of the Council of Economic Advisers, exemplifies this

thinking. Arthur Burns, head of the Federal Reserve, does to a large degree. So does Herbert Stein, outgoing council chairman.

But those economists more identified with the Democrats, such as Walter Heller, Otto Eckstein and James Tobin, all advisers in the Kennedy-Johnson years, disagree sharply.

They suggest that moderation, exceptions to the rule, special handling of sensitive issues such as housing — even a little experimentation — might still be called for, despite Nixon's failures in these directions.

Persuasive in a tight monetary-fiscal policy, they believe, might lead to social dislocations even more severe than those attributed to inflation, such as joblessness, financial disorder, recession.

In arriving at their conclusions, each side sometimes uses the same reasons as the other.

The Democratic economists argue that an overly tight monetary policy would bring more financial disorder.

Indications that the divisions are even more extreme can be gathered from the growing assumptions of some legislators, businessmen and others that the entire policy of tight money may be counterproductive.

This position is based on the assumption that inflation isn't domestically generated nearly so much as it is caused by foreign events, such as oil prices, over which tight money has no restraining impact at all.

President Ford is acclaimed for his ability to elicit cooperation from all parties, but if he can handle the anti-inflation program without offending great numbers of people, that acclaim will become awe.

Gilligan Pleased With Invitation

COLUMBUS, Ohio (AP) — Gov. John Gilligan says he is "extremely pleased" that President Ford wants to involve state governors in the workings of his administration.

Gilligan and other members of the executive committee of the National Governor's Conference were invited by Ford to meet with him at the White House Wednesday.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, August 13, the 225th day of 1974. There are 140 days left in the year.

Today's highlight in history:

On this date in 1521, the Spanish conqueror, Hernando Cortez, captured Mexico City from the Aztec Indians.

On this date:

In 1688, King William's War began when Indians attacked North Yarmouth, Maine.

In 1848, the American flag was first raised in Los Angeles.

In 1898, during the Spanish American War, Spain surrendered the Philippine city of Manila to the United States.

In 1930, a new aviation speed record was established when Capt. Frank Hawks flew from Los Angeles to New York in 12 hours, 25 minutes.

In 1937, the Japanese attacked Shanghai, China.

In 1961, East Germany sealed off the border between East and West Berlin by closing the Brandenburg Gate.

Ten years ago: The U.S. Senate voted against further American aid to Indonesia until the Indonesian dispute with neighboring Malaysia was settled.

Five years ago: President Nixon bestowed the nation's highest civilian award, the Medal of Freedom, upon Astronauts Neil Armstrong, Edwin Aldrin and Michael Collins after their historic moon landing.

One year ago: President Nixon signed a \$23-billion dollar highway bill, permitting, for the first time, the use of funds of the Federal Highway Trust Fund for mass transit.

Today's birthdays: Cuba's Fidel Castro is 49 years old. Movie director Alfred Hitchcock is 75.

Thought for today: Anger is momentary madness. So control your passion or it will control you — Horace, Roman poet and satirist, 65-8 B.C.

Editions Of The Past

35 YEARS AGO
1939

The Muhlenberg Twp. school transfer controversy entered Common Pleas Court when the township board of education obtained a temporary injunction that prevents transfer of territory to the Monroe district, blocks payment of any money derived from taxes in Muhlenberg Twp. to Monroe district, and forbids the county board of education from interfering with the Muhlenberg board in the operation of the school.

About 5,000 people visited the new N. Court St. home built by George Myers during inspection periods.

Motorcyclists from throughout Ohio gathered at Gold Cliff park on the Gypsy tour sponsored by the American Motorcycle Association.

Tommy Wright, golf professional at Holston Hill Country Club in Knoxville, Tenn., burned up Pickaway Country Club when playing in a best-ball match with Pro Bill Bowman, Bob Fricke, and Willis Liston. He fired a 35-34-69.

The centuries-old lunar calendar still is used to determine dates for traditional festivals in Chinese communities throughout the world.

Speaking Of Your Health

by Lester L. Coleman, M.D.

Is "essential high blood pressure" different from other forms of high blood pressure?

Mr. H.B., Conn.

Dear Mr. B.:

"Essential" or "primary" hypertension is a disorder whose origin is unknown. It is suspected that heredity plays an important role in its occurrence.

Apparently, a host of other factors like stress, age, diet and metabolism play a role in its production. So complicated is "essential hypertension" that it is considered a complex of diseases rather than a single unit.

The exact cause must be tracked down before treatment is instituted. With drugs, reduction of weight and proper diet, many causes of "essential hypertension" that previously could not be controlled are now kept in balance.

We occasionally use calomel as a laxative. Is this a dangerous drug?

Mrs. L.L., Ky.

Dear Mrs. L.:

Calomel has for years been used both as a laxative and, in some instances, to reduce fever.

In recent years calomel, which is

mercurous chloride, has been considered unsafe and should not be used, or purchased over the counter.

A number of other preparations that can be bought without prescriptions also contain mercurous chloride and should be avoided.

Severe mercury poisoning has been reported in people who took calomel as a laxative for many years.

Let me emphasize that those who may have taken it occasionally should not live in dire fear that they have been poisoned. Simply discontinue its use. There are other effective but harmless laxatives.

I give myself an injection of vitamin B-12 whenever I feel tired. I have been told to stop it, but I don't know why.

Miss B.J.A., Ohio

Dear Miss A.:

Vitamin B-12 is remarkably valuable when given for very specific medical reasons such as pernicious anemia and proven vitamin B-12 deficiency. As an artificial pick-me-up it is worthless.

Giving it to yourself at intervals determined by you is poor judgment. Broken needles, infections and allergic reactions are possible dangers that far outweigh the psychological benefits you seem to derive.

Ford's Advisers Are Hard Workers

WASHINGTON (AP) — Gerald R. Ford's closest advisers are his close friends from a quarter century in the House and his obscure, hard-working vice presidential staff.

The only ones who held prominent positions in the Nixon administration are former Secretary of Defense Melvin R. Laird and White House aide Bryce Harlow, a top presidential assistant in both the Eisenhower and Nixon administrations.

Ford generally has operated on his own, relying less on his staff than his predecessors in the vice presidency. While traveling outside Washington as vice president, he often was accompanied by only a single military aide and his press secretary.

The top members of his vice presidential staff are Robert Hartmann, a 57-year-old former newspaperman who has been chief of staff, and L. William Seidman, a 53-year-old management consultant who joined his staff earlier this year.

Hartmann, who joined Ford's staff shortly after Ford became House Republican leader in 1965, is more of a political adviser than operating staff chief.

Laird, who was a member of the House before President Nixon named him secretary of defense, served with Ford on the House Appropriations Committee and helped Ford win the GOP leader's job. As chairman of the House Republican Conference, Laird was one of Ford's key lieutenants in the Republican leadership of the House.

Laird took a top White House post after the resignations of H.R. Haldeman and John D. Ehrlichman, but left less than a year later, reportedly because Nixon wasn't heeding his advice.

Harlow, who was President Dwight D. Eisenhower's chief congressional liaison man, has been a Washington lobbyist for Procter & Gamble between White House stints. He, too, left Nixon's staff earlier this year.

Besides Laird, two other former House members who helped Ford win his House leadership post have long been considered close to him.

They are Sen. Robert P. Griffin, R-Mich., and former Sen. Charles E. Goodell, R-N.Y., who lost his seat in 1970 to Sen. James L. Buckley.

Another former House member close to Ford is former Rep. William Cramer, R-Fla., who lost a 1970 Senate bid.

Besides Hartmann and Seidman, key Ford staff members include:

—Press Secretary Paul Miltich, 54, a former newspaperman with

Michigan's Booth newspapers.

—National security aide John O. Marsh, 47, a former Virginia Democratic congressman and another alumnus of the House Appropriations Committee.

—Philip Buchen, 58, Ford's former Grand Rapids, Mich., law partner, and a close political adviser.

—Richard Burress, 51, an exFBI agent and former chairman of the Renegotiation Board, has been serving as Ford's chief legislative liaison man.

Log Rolling

Lost Art

SPRINGFIELD, Ill. (AP) — Call it rolling or burling, but the sport of two persons standing on a log in the river waiting for one to fall off isn't drawing too many takers these days.

Mark Olson, who gives daily burling demonstrations at the Illinois State Fair, estimates that there are only about 100-120 active burlers in the country.

"But it's holding its own," said Olson, who lives in Peoria, but learned his burling at the age of eight from an old lumberjack in Marquette, Mich. He said 90 persons showed up to participate in the annual national burling championships in Wisconsin last month.

Olson and Hank Peters of Cincinnati, Ohio, have been amazing fair visitors not only by remaining upright on the wet, spinning log, but by doing such tricks as jumping rope, crawling through a small hoop and lying down on the log.

But true burling, or rolling as it is known in the south, puts two persons on the log at once. They aren't allowed to touch each other, but once the log begins spinning, one of them inevitably takes a dunking.

"The original reason for riding logs was to move them down the river," said Peters, 58, who learned his burling in Nova Scotia.

"But then it got to be a sport. On Sunday afternoon the loggers settled their arguments by seeing who was the best man on the log," he said.

In official burling contests, a kindred log that has been made perfectly round on a lathe is used. And the burlers are permitted to wear shoes with small spikes and use poles with a flat on the end to achieve initial balance.

"It takes mostly coordination and good reaction time," said Olson, 46. "It's a good muscle builder too. With one summer of continual practice, you can get pretty good."

They'll Do It Every Time

ONE EXEC = SPACE OF 10 WORKING STIFFS...

COMMISSIONER'S DAY—Pickaway County Commissioners L. Robert Liston and Wayne Hines and Ohio Pork Queen Rosaline Murphy, Route 3, Eaton, were among the distinguished guests attending county Commissioner's Day at the Ohio Agricultural Research and Development Center's Western Branch near South Charleston last week. The queen, Liston, Hines and Steve Bartels, county 4-H extension agent hold a sign showing the cash income from hogs in Pickaway County which totals \$6,622,000. Following a pork barbecue at noon the commissioners inspected facilities at the branch and viewed swine research projects and crop demonstrations. County Commissioner's Day is an annual event which brings together commissioners and extension agents from throughout Ohio to view agricultural research being conducted at the OARDC or one of its branches.

**Goose-Plucking Exhibit
Draws Crowds At Fair**

SPRINGFIELD, ILL. (AP) — Crowds watch entranced as a woman in a bonnet and long flowered dress grabs a large goose, turns it upside down in her lap and gently plucks feathers and down from its breast.

Grace Ater of Chandlerville is demonstrating to Illinois State Fair visitors a folk art that has all but vanished in the nation.

She and other members of the Clayville Folk Arts Guild have skills and abilities once common in Illinois and other states.

Her husband Charles cuts shingles by hand and demonstrates how early settlers lapped them to keep out wind and rain.

Other artisans demonstrate quilt-making, embroidery and candle-making. Crowds cluster around a gunsmith making a flintlock rifle and another craftsman fashioning cane chairs.

But Mrs. Ater's demonstration, perhaps because it involves a live bird, appears to be the most popular.

"The secret is calming the goose so he doesn't bite or flap his wings," she explained. "I do that by petting him and talking to him softly."

She said geese molt every four to six weeks and about half an ounce of feathers and down can be picked from each bird. It takes 10 large geese to produce enough feathers for one pillow.

Feathers and down from geese, as well as other waterfowl, make excellent pillows, quilts and mattresses because they are curved, said Mrs. Ater.

"It's like having a lot of tiny springs in your pillow," she said. "That's what makes it so soft."

Feathers from other birds are straight and undesirable for pillows.

"It would be like sleeping on a sack of sticks," she said.

Few feather pillows are made now in the United States, and those that exist are passed down from mother to daughter, said Mrs. Ater. She said feather pillows on sale now are imported from Europe, where labor is cheaper.

**Two Men Sought
In Bank Holdups**

CLEVELAND, Ohio (AP)—Cleveland and Shaker Heights police were seeking two men today for robberies at the Shaker East office of the Capital National Bank and the Ohio Savings Association.

The Shaker Heights bank was robbed of \$1,000 to \$2,000 Monday afternoon by a man who handed a teller a note. Police said he demanded money and threatened to shoot but no weapon was seen by the teller.

About two and a half hours earlier, a man handed a teller a note at Ohio Savings, demanding that she fill a bag he provided with money or be shot. Police said he escaped with \$7,562.

Speedy Trial Regulations Swell Prison Population

COLUMBUS, Ohio (AP)—Speedier justice for persons charged with felonies has trimmed a backlog of Ohio court dockets and appears to be pushing state prison populations higher.

Dr. Bennett J. Cooper, director of rehabilitation and correction, reported a sharp increase in the first six months of the year compared to a drop in the same months last year in the number of inmates behind walls.

Cooper says the 8,516 prisoners incarcerated at the end of June is short of the 10,000 he believes state institutions could accept before space grows too tight.

But the director fears a new law, requiring felony trials within 90 to 270 days of arraignment, together with a

federal appeals court decision stalling some paroles may be working against other prison reforms.

Cooper says if the average increase of 90 inmates each month becomes a trend, he will have to budget larger amounts for security and operations.

And the money will be sapped from community corrections programs.

He points out the irony in the growth of prison populations as "further argument for additional efforts toward

expansion" of "those important and necessary" community-based programs.

The director acknowledged that annual population growth, improved law enforcement methodology and higher crime rates generally boost the inmate count. And he says the six-month survey will have to continue to the year-end before he can say a trend is established.

But he fears the sharp rise— from 7,717 in January to 8,516 in by the end of June. That's about 90 new inmates each month. An all-time high prison census of 12,024 was reached in April 1965.

The director pegged annual costs for institutionalizing an inmate at \$4,500.

He said another factor multiplying those costs is slackened use by state judges of a 1965 statute allowing "shock probation" for certain inmates after serving 30 to 130 days of sentence.

**Brown Delighted
With Ford's Plan**

WASHINGTON (AP)—Rep. Clarence Brown, R-Ohio, said Monday night he was "delighted" with President Ford's plan to call a domestic summit meeting on the nation's economy.

Brown, a member of the congressional joint economic committee, proposed the meeting six weeks before former President Nixon made his economic address to the nation and said he asked for it again last week when a group of congressmen met with Ford.

**DON'T WAIT
'TIL WINTER
TO WINTERIZE
YOUR HOME**

By following these simple tips, you'll use a lot less gas next winter. And as prices rise, it's especially important that we don't waste valuable natural gas.

New Gas Furnace

If you have an old conversion burner, you'll be wise to replace it with a modern new gas furnace, designed to operate with less gas. As a present gas heating customer, you can install a new gas furnace and be sure of getting gas supplies in the future. A more efficient new gas furnace will give you more heat for less money. Plus it will save space in the basement. Why not call your dealer for advice, while the weather's nice?

Gas is precious pure energy . . . use it wisely.

COLUMBIA GAS

Install adequate insulation. Simply laying a 6 inch thickness of insulation in the attic can mean significant savings in gas and money.

Storm windows and doors, or plastic sheeting can reduce heat loss as much as 10%. Your home stays warmer, your furnace uses less fuel.

Every opening and crack around windows and doors wastes gas and costs you money. Caulking and weather stripping can seal cracks and gaps, save dollars in fuel.

Miss Holloway
Announces
Engagement

Mr. and Mrs. Roy Holloway of New Holland announce the engagement and approaching marriage of their daughter Nancy to Mr. Russell Keller. Mr. Keller is the son of Mr. and Mrs. Dale Keller of Williamsport.

Miss Holloway is a 1972 graduate of Miami Trace High School and is currently employed at Orient State Institute. Her fiancé is a 1972 graduate of Westfall High School and is employed with Mr. Thomas Duvall in construction.

The couple has set Aug. 30 as the date for the wedding.

Wedding Plans
Completed

Plans have been completed for the marriage of Deborah Dee Ruehling and Edward R. Boyer. The bride-to-be is the daughter of Mr. and Mrs. John A. Ruehling, 930 Clark Drive, Grove City and her fiancé is the son of Mr. and Mrs. Thomas R. Boyer Jr., Route 1, Stoutsville.

The couple will solemnize wedding vows Aug. 17 at the St. John's Lutheran Church in Grove City.

The Rev. David Nixon, pastor of the church, will officiate at the traditional open church service.

Bunny Gabel's Vegetable Snacks

The specialty of a neighbor of mine. Celery and carrot sticks. Cherry tomatoes. Coarse (kosher) salt. Curry powder. Cooked artichoke hearts. Tuna Salad.

Arrange the carrot and celery sticks and the tomatoes on a serving plate leaving space for a small bowl (preferably glass) in the center. Fill the bowl about one-third full of salt; stir in curry powder to taste; place in the center of the serving plate. Stuff the artichoke hearts with the Tuna Salad and arrange in a serving dish. (Tasters dip the celery and carrot sticks and tomatoes in the salt mixture as they help themselves.)

News Of Interest To Women

The Circleville Herald, Tuesday August 13, 1974

Dear Abby:

By Abigail Van Buren

Not Happy With Note-Happy

DEAR ABBY: My wife is a wonderful woman and I appreciate her many good qualities, but she has one fault that drives me to distraction. When she wants to remind me of something, she doesn't TELL me, she writes me a note!

It's not as if we weren't together half the time. When I get to the office, I find a note in my pocket: "Don't forget to gas up your car, and please pay the electric bill."

At breakfast, she had a note stuck under the toaster: "Get a haircut today, please."

Yesterday, she taped a note to my bathroom mirror: "Are you going to do something about your mother's birthday, which is next Sunday? Or should I?"

How can I get the message across to this note-happy woman that she has a voice to talk with, and I have ears to hear with, and I wish she would communicate with me VERBALLY? Thanks.

BUGGED IN EUGENE

DEAR BUGGED: Use your voice to get the message to her ears. (On second thought, since she's so note-happy, write her a note.)

DEAR ABBY: What do you do with a husband who wants to have his cake and eat it, too?

HIS WIFE

DEAR WIFE: If you're smart you'll bake him TWO cakes. One to eat, and one to have.

DEAR ABBY: Regarding Animal

Cattle Sale
To Benefit
Detroit Poor

CLARKSTON, Mich. (AP) — After taking a vow of poverty to enter the Jesuit brotherhood, Gene Gonyas bought a herd of cattle with his life's savings.

He plans to buy food for Detroit's poor with the proceeds from 36 Hereford steers now grazing at a Jesuit retreat near here.

Brother Gene says he paid for the cattle with \$10,000 he earned from his paper route, a sign-painting job and driving a farm truck.

He'll bring the herd to top weight, and then sell the cattle, taking the profit in beef. He believes the beef supply will provide a quarter of the yearly meat needs for 2,000 poor persons in two inner-city community centers.

"It's not a lot of money and it wouldn't have gone very far if I'd just given it away," said Brother Gene, 34, who took final vows last February.

"By purchasing the cattle, I decided the relatively small investment could reap benefits indefinitely."

He said that he'll use the investment to repeat the project next summer if the cattle sale in late September is successful.

The son of a Fremont, Ohio, farmer, Brother Gene became aware of the inner-city hunger problem while working for the Brothers Construction Co., a home-renovating firm operated by a group of area Jesuits.

When transferred to the Colombiere Retreat and Conference Center, he put his novel cattle idea to work by forming the Colombiere Community Sharing Beef Foundation and purchasing \$10,000 worth of yearling steers from an Ohio farmer.

The cattle are expected to gain about 8,100 pounds grazing on the lush grass of the ex-seminary, and will weigh more than 29,000 pounds when they go to market.

Shower Honors
Miss Luckhart

Miss Dacia Luckhart, bride-elect of Ty Ankrom, was guest of honor at a bridal shower recently in the home of Mrs. William McGinnis, 836 Atwater Ave.

Mrs. Steven McGinnis was assisting hostess.

Contests were won by Mrs. Ralph Cummins and Mrs. Chales Steinhauser. Refreshments were served.

Guests included Mrs. Max Luckhart, Mrs. Bill Ankrom, Miss Teresa Ankrom, Mrs. Ralph Cummins, Mrs. Leroy Newlon, Mrs. Donald Pontious, Mrs. Charles Steinhauser, Mrs. Jack Wise, and Mrs. Jeff Wise.

Unable to attend but sending a gift was Mrs. Robert Young.

Worker's Class
To Have Picnic

The Willing Worker's Class of the Pontius United Methodist Church will hold a picnic, 1:30 p.m. at Ted Lewis Park.

Table services are required. Mrs. Ethyl Kingensmith will be the hostess.

Allison Reunion Held

Sixty people attended the Allison family reunion Sunday at Ted Lewis Park.

After dinner, a business meeting was held. The remainder of the afternoon was spent playing games and visiting.

FOE Auxiliary To Meet

The FOE 685 Auxiliary will meet 8 p.m. Thursday in the Aerie Home, 135 E. Main St.

Chicken salad, so good in warm weather, takes to a garnish of seedless green grapes and drained canned Mandarin oranges.

Canned pineapple makes a delicious addition to cole slaw. You can use pineapple tidbits or the crushed variety.

Food Costs Rise Again

WASHINGTON (AP) — Food costs for low-income families rose 20 cents a week in June while meals designed for richer households went up 10 cents, new government figures showed today.

The Agriculture Department said the cost of a "low-cost" food plan for a family of four in June was \$44.10 per week, compared with \$43.90 in May.

A "moderate-cost" menu cost \$55.10 a week, compared with \$55 in May, and a "liberal" plan was \$66.70 in June, compared with \$66.60 in May.

The three plans, which allow for larger quantities of higher-cost items such as meat, fresh fruit and vegetables for moderate and liberal menus, each went up 50 cents a week from April to May.

In the low-cost plan, a family—

including two elementary school children—is allowed more beans, potatoes and grain products. Prices of those have frequently gone up faster than some of the other normally more expensive items.

Compared with a year earlier, the June figures showed the low-cost menu was up 17 per cent, or \$6.30 per week. The moderate-cost menu was up 13 per cent, or \$6.50; the liberal plan rose 12 per cent, or \$7.

If you're using ground meat extended with unseasoned textured soy protein for hamburgers, you can add your own flavorings. Soy sauce is a good seasoning for extended meat, but if you add it omit the usual salt.

CJHS Band Rehearsals Scheduled

Eighth and ninth grade members of the Circleville Junior High School Band will begin sectional tryouts Wednesday.

Schedules, announced by Clifford Kerns, band director, are: woodwinds, 5:30-7:30 p.m. Wednesday; brasses, 5:30-7:30 p.m. Thursday; percussion, 5:30-7:30 p.m. Friday.

Full band rehearsals will begin 5:30-7:30 p.m. Aug. 19.

Harsha Urges Repeal Of All-Year DST

Stating it saved neither energy nor money and created many inconveniences and hazards, Congressman William H. Harsha Monday urged the repeal of year-round Daylight Saving Time.

In testimony before the Commerce and Finance Subcommittee of the House Interstate and Foreign Commerce Committee, Harsha stressed that his primary concern is the "serious inconveniencing of young children throughout the nation" who must walk to school or wait for busses in the early morning darkness.

"Unfortunately, my fears were not unfounded and children were killed or injured as a direct result of these circumstances," he said.

Harsha, who has opposed year-round DST since its inception, emphasized that efforts to counteract this safety program were consuming as much, if not more, fuel and disrupting many peoples' lives:

"For the farmer, having the sun rise later in the morning has delayed his work day, thus compounding his daily labors long after supportive businesses have ceased their operations for the day."

"Every aspect of the business community has also faced new problems," he said. Harsha cited the additional fuel consumption (and costs) in the morning, "effectively counterbalancing any possible savings accumulated from the added hour of daylight in the evening."

"Certainly, we must make every effort to conserve our nation's energy supplies," he concluded, "however, daylight saving is not the compensatory agent needed. The horrible and needless loss of lives as well as the wasted fuel, caused by what can only be termed as hasty, unwise legislation, must be terminated before the toll mounts."

Forecast

OHIO
A chance of evening thundershowers south, otherwise fair and not as warm tonight. Lows in the upper 50s and low 60s. Sunny Wednesday. Highs in the low 80s.

NORTHWEST INLAND WEST LAKE SHORE
Clear and cooler tonight. Lows in the upper 50s. Sunny Wednesday. Highs near 80.

EAST LAKE SHORE NORTHEAST INLAND
Partly cloudy and cooler tonight. Lows in the upper 50s and low 60s. Sunny Wednesday. Highs in the upper 70s and low 80s.

WEST CENTRAL CENTRAL
Generally clear tonight. Lows in the low 60s. Sunny Wednesday. Highs 80 to 85.

EAST CENTRAL SOUTHWEST SOUTHEAST
Partly cloudy tonight and Wednesday and not as warm. Lows tonight in the low 60s. Highs Wednesday in the low 80s.

WESTERN PENNSYLVANIA
Partly cloudy and warm tonight with a chance of showers and thundershowers. Lows from the upper 40s to the upper 50s. Sunny and mild Wednesday. Highs from the low 70s to the low 80s.

By THE ASSOCIATED PRESS

Thunderstorms moving south through Lower Michigan and southwest Ontario are expected to reach into northern counties of Ohio during the day and spread over the remainder of the state. Skies will remain clear ahead of the thunderstorms, allowing temperatures to climb into the 80s.

The National Weather Service said the last of the thundershowers should clear the state by this evening. As pressure builds tonight skies will clear and remain clear through Wednesday.

QUICK WATER WEIGHT LOSS With A "Natural" Water Pill

NEW ODRINIL, a natural "water pill" can help you lose excess weight, uncomfortable body bloat (puffiness in ankles, arms, stomach) due to excess water retention during pre-menstrual cycle.

ODRINIL "Golden Water Pills" are guaranteed to help you lose that uncomfortable water bloat and temporary weight gain or your money will be refunded. No questions asked. ODRINIL is sold with this guarantee by:

EVERY DAY IS SAVINGS DAY - ON EVERYTHING AT REVCO

Two Adults Appear In Juvenile Court

Two adults charged with contributing to the delinquency and the unruliness of minors were among those persons appearing last week in Pickaway County Juvenile Court. Also appearing during the week were nine juveniles charged with delinquency and three with traffic offenses.

Dennis Oakley Adkins, 131 Villa Drive, was cited into the court for contributing to the delinquency of two minors by aiding and abetting them to trespass on the lands of the A. W. Marion State Park. Adkins was fined \$250 and sentenced to six months in the county jail.

One of the boys held on charges of criminal trespassing and possession of criminal tools including a gas siphon and a gas can was placed on probation for three years. The court also ordered the 16-year-old Circleville boy not to associate with Adkins.

A second adult charged with contributing to the unruliness of four minors, Connie Kay Sturgell, Route 5, was placed on probation for the charge. She was charged with purchasing alcoholic beverages for the consumption of the four youngsters. She was also ordered by the court not to associate with any of them in the future.

Violation of probation and a curfew violation brought a court order placing a 17-year-old Route 1, Ashville boy in the permanent care of the Ohio Youth Commission. A second juvenile, a 16-year-old Circleville girl was placed in the permanent care of the Ohio Youth Commission, for consuming alcohol and violation of curfew regulations at the A. W. Marion State Park.

Another Circleville girl was placed on probation for two years for consuming alcoholic beverages and violating the curfew.

The court placed a 14-year-old New Holland girl on probation for two years for leaving home without the consent and knowledge of her parents.

Five Circleville children were ordered by the court into the emergency care of the Pickaway County Children's Services. The court also ordered a 16-year-old Lockbourne girl into the care of the Children's Services.

Two residents of the Rickenbacker Air Force Base, a 17-year-old boy and

a 16-year-old girl, were placed on one year's probation for manufacturing marijuana. The court also suspended \$40 of a \$50 fine in each case.

Possession of marijuana charges were filed against a 15-year-old boy who is already presently under the care of the Children's Services. The youth will appear later for disposition of the case.

William Richard Yarber, 17, Marion, Va., forfeited a \$15 bond for a speeding charge. The court transferred three cases to Fayette County against Charles Edward Showalter, 17, Route 1, New Holland. Showalter was charged with operating a motor vehicle without a valid operator's license, operating a motor vehicle with license plates of another vehicle and failure to stop after an accident.

A Grove City youth, Karl E. Gray, 16, was given a \$5 suspended fine for driving left of center. Gray's violation had caused an accident.

Daniel E. Stiles, 17, Route 5, appeared on a speeding violation and was fined \$10. The court suspended the fine, suspended his license for one month and ordered him to attend traffic school. A further order of the court allowed Stiles to drive to work only during his suspension.

Final action of the court included transferring one case to Warren County, two to Franklin County and one to Ross County, the home counties of the defendants.

Ford Asked Harsha Not To Retire

WASHINGTON (AP)—Veteran Rep. William Harsha, R-Ohio, says President Ford persuaded him to give up plans to quit his campaign for re-election and retire.

Harsha said Ford apparently received word of his impending announcement and telephoned the Ohio congressman, who was spending a weekend fishing in southern Ohio.

"He said he had worked with me for 14 years and needed me to continue," Harsha said in relating the conversation with the President. "I offered him my support and he said he would contact me directly in the future."

"The President asked me to stay on because I was in a very strategic position," said Harsha, who is the ranking minority member of the House Public Works Committee.

Harsha explained he was planning to retire because he was "discouraged, tired and disillusioned" with his work after seven terms in Congress.

"I was working so many hours, particularly on mass transit legislation, that I was beginning to wonder whether it was worth the trial," he said.

Harsha is being challenged in the November election by Democrat Lloyd Allan Wood of Chillicothe.

State Employees Receive Pay Raises

COLUMBUS, Ohio (AP)—The Department of Administrative Service says pay raises for about 80,000 state, university civil service and county welfare department employees will be included in paychecks issued Friday.

The raises, ranging from 10 to 30 cents an hour depending on salary level, were granted by the legislature July 23 when it passed a \$124 million supplemental appropriations bill. An unexpected \$80.5 million surplus at the end of the fiscal year helped make the new spending possible.

PAMELA JO YOUNKIN

Cheerleader Instructor Is TV Graduate

Miss Pamela Jo Younkin recently returned to her home for a visit from her summer job as an instructor for cheerleaders for the Golden Eagle Cheerleader Schools. She is a recent graduate of Teays Valley High School and the daughter of Mr. and Mrs. Russell Younkin, Route 1, Orient.

A four-year veteran cheerleader at TV, Miss Younkin was urged by officials at the camp which she attended as a cheerleader to apply for the job. Application for the job involved four eliminations last year, the final one being held in Washington, D. C. The instructors are selected from all over the eastern part of the United States.

Miss Younkin who works as an instructor in both cheerleading and pom pon routines says the job is very interesting because she gets to travel to various college campuses throughout the eastern part of the country. She has already been to Davis and Elkins College, Elkins, W. Va.; North Georgia College, Murfreesboro, N. C. and Wilson College, Chambersburg, Pa.

She will be at the College of Wooster later this month and then back to West Virginia Wesleyan College in Buckhannon, W. Va. Miss Younkin plans to attend Ohio State University this fall but plans to continue her work as an instructor for cheerleaders again next summer.

PCC's McGuire, Brudzinski Fight For Seniors Title

Pickaway Country Club golfers have opened a tremendous team lead after the first round of the Southeastern Golf Association Seniors tournament Monday and are staging a head-to-

head battle for the individual title. The 36-hole event concludes today at Pickaway Country Club. Tom McGuire of PCC fired a one-under-par 70 to take the individual lead

after the first round. But a stroke behind with an even-par 71 is Steve Brudzinski, also of Pickaway.

Dick Holzer of Lancaster Country Club also carded a 71 after the first round, and Art Smith of Athens fired a 73, good for fourth place.

As a team, PCC golfers teamed for a 451 total, the best of the nine-club field. Golfers from Athens Country Club are in second place after the first round with a 469 total.

K Of C Sets Slo-Pitch Tournament

Drawing for the 4th annual K of C Invitational Slo-Pitch Softball Tournament will be 7:30 p.m. Monday, Aug. 19, at the council home located at the corner of S. Pickaway and E. Franklin Sts.

The Tournament is slated to start Friday, Aug. 23, at Ted Lewis Park. Trophies will be awarded to the first four teams. Fifteen jackets will be awarded to the winning team and trophies will be given for the most homeruns and most hits.

For further information contact Jim McConnell, 108 Rosewood Ave., 474-4850, or attend the drawing.

Striking Players Not Happy With 'Cooling Off' Plan

By HOWARD SMITH
AP Sports Writer

"It was a long drawn-out strike," said Buffalo guard Reggie McKenzie, "and our side lost."

That was one reaction Monday as National Football League players drifted into training camps across the country under provisions of a 14-day cooling off period decided on by the players association.

Everyone is supposed to report to camp by Wednesday, negotiations with the owners are to resume Thursday and if an agreement isn't reached in two weeks, everyone is supposed to walk out again.

McKenzie wasn't the only one unhappy with the plan which the players say was suggested by chief federal mediator W.J. Usery Jr.

"If I said I was happy about the way we're going in, I'd be lying," said Washington defensive tackle Diron Talbert.

Offensive tackle Dick Himes Green Bay added, "This could be the worst thing that could happen at a time like this. Nothing's settled. This could be ruinous to team unity. We're going in without a contract signed and we're no better off than we were a year ago."

Meanwhile, rookies and free agents continued to display their talents in three Monday night games. The Pittsburgh Steelers bombed the Chicago Bears 50-21, the Cleveland Browns edged the San Francisco 49ers 21-20 and the Buffalo Bills beat the Kansas City Chiefs 35-21.

Some veterans were pleased with the plan to return to action. But the Minnesota Vikings were the most

reluctant warriors in the league. About 33 decided to ignore the players association plan and remain on strike for at least another week.

Some coaches were skeptical or downright hostile to the plan and others delighted to get their best players back.

"I'm very unexcited about it. I don't think Mr. Usery knows much about football," said San Diego Coach Tommy Prothro.

"I think they should come in with the idea of staying in or they shouldn't come in at all," commented Kansas City head man Hank Stram. "I don't like the indecisiveness of the matter. It's not good for anybody concerned."

In Houston there was a difference of opinion between Coach Sid Gillman and owner Bud Adams.

"I'm not about to take a veteran back under those conditions," declared Gillman after hearing of the cooling off period. "All it would do is disrupt our camp. To come in and then maybe walk out two weeks later is the most ridiculous thing I've ever heard of."

But Adams declined to bar players from the Oilers' camp.

Brown Eyes Return Of Bengal Vets

WILMINGTON, Ohio (AP) — Bengals Coach Paul Brown held a Monday night staff meeting to decide the manner in which returning strikers will be worked into the training schedule.

"We just can't have them come in as a separate unit," Brown said. "We can't have two units in camp."

Player representative Pat Matson said the strikers voted Monday night to return to camp Wednesday in compliance with the NFLPA recommendation to return for two weeks as a "cooling off period."

"We are going to report Wednesday as a group," said the veteran defensive guard. "The next move is up to the management council."

Matson said he hoped those players already in camp would not hold any hard feelings toward the strikers.

"There is no animosity here toward them," he said of the meeting.

"We're going in there as teammates."

Said Brown: "If somebody can't handle it when they get back, I'd have to do something—move them—or something. I assume they'll come back in the spirit of being here."

"If time goes on and a guy can't act accordingly, I'd have to take other steps," Brown said.

Tinker's Creek Wins River Downs Feature

CINCINNATI, Ohio (AP) — Cuban Rum, carrying 120 pounds, heads a field of eight horses entered Wednesday in the \$2,500 featured eighth race at River Downs. The track is dark today.

Tinker's Creek won the feature Monday and paid \$11, \$5.40 and \$3. Perennial placed, \$3.80 and \$2.60 and Bagdul, third, \$3.40.

The crowd of 3,251 bet \$302,635.

BIG DIVOT—Steve Brudzinski of Pickaway Country Club appears to be taking a huge divot as he makes an approach shot to the third green during first round action in the Southeastern Golf Association Seniors tournament at OCC Monday. Brudzinski, who was stymied on his second shot by the pine tree, finished the round with an even-par 71, one stroke behind leader Tom McGuire, also representing Pickaway.

Ryan Fans 19 To Tie Record

ANAHEIM (AP) — On Sept. 15, 1969, Nolan Ryan, a New York Mets pitcher, watched Steve Carlton, then of the St. Louis Cardinals, establish a major league record by striking out 19 New York Mets.

On April 22, 1970, Ryan saw Tom Seaver of the Mets equal Carlton's record against the San Diego Padres.

On Monday night at Anaheim Stadium, Ryan watched with something resembling bemusement as he etched his name into baseball's record book with a 19-strikeout performance.

"I guess I'm the only guy in the world to have seen all three of them," Ryan drawled in his Texas twang after his performance defeated the Boston Red Sox 4-2.

"I've always felt that if all the conditions were right and everything fell into place that I might have a chance at the record," he observed matter-of-factly as he gazed into the sea of inquiring reporters after the game.

"I really wasn't thinking much about the record until I noticed something on the scoreboard in the seventh or eighth inning," he said.

Elsewhere in the American League, Detroit thumped Kansas City 5-1, Oakland edged the New York Yankees 3-2, and Milwaukee beat Texas 5-1.

Ryan threw 170 pitches—115 of them for strikes—as he won his 15th game of the year. He erased the unhappy memory of his last start when he held the Chicago White Sox hitless for 8 1-3 innings before blowing the third no-hitter of his strikeout-studded career and eventually lost the game 2-1.

Sixteen of the strikeouts were swinging.

Although he only tied the major league single-game strikeout record, Ryan did succeed in erasing the hallowed name of Bob Feller from the American League record book. Feller had the old AL mark of 18 strikeouts in a nine-inning game.

Ryan also tied Luis Tiant's major league standard of 32 strikeouts in consecutive games.

Ryan said he still considers his two no-hitters of last season a greater achievement than his 19 strikeouts of Monday night.

Tigers 5, Royals 1
Rookie Ron Leflore's two-run homer keyed a three-run third inning against Nelson Briles and sparked Detroit over Kansas City.

Mickey Lolich, 13-14, scattered five hits for Detroit as the Tigers snapped Kansas City's winning streak at three games.

A's 3, Yankees 2
Jim "Catfish" Hunter notched his 17th victory of the season with a five-hitter, pitching Oakland over New York.

The A's won the game on a pair of unearned runs in the eighth inning.

Youth Baseball Results

WASHINGTON TWP.
LL MAJOR TOURNEY

Elks 15, Washington Twp. 7
Elks, who won the youth baseball league, took top honors at the Washington Twp. Little League tournament with a 15-7 victory in the championship game.

The Elks made use of their 12 hits to put plenty of runs on the scoreboard. Mark Morrison led the victory with a homer and a single. Mike Contino smacked a pair of doubles and Brad Allen and Mark Agin slashed a pair of singles each.

Mark Agin started for the Elks and was pulled after 2-3 of an inning, Mark Morrison came on and finished out the game. Together they walked nine, struckout six, and allowed just two hits.

Jeff Seimer and Justice were the losing pitchers walking seven, striking out four, and being touched for 12 hits.

Pirates Clobber Reds, 7-4

CINCINNATI, Ohio (AP) — "This club is putting all the gears together."

It sounded like Sparky Anderson talking about Cincinnati's Big Red Machine.

Nope. It was Sparky Anderson talking about the Pittsburgh Pirates.

The anxiously-awaited rematch between the two clubs, who staged one of the more memorable brawls of recent years, turned out to be a slugfest—this time with bats instead of fists.

Willie Stargell and utility man Ed Kirkpatrick slugged two-run homers to offset five doubles by the Reds for a 7-4 nationally-televised victory Monday night.

Stargell, who is bearing down on his first .300 season in five years, said winning—not personal goals—is all that matters.

"Producing for the team is what this game is all about," said the Bucs' strongman, who has been hitting .400 the past three weeks.

First he produced with his bat, then his glove.

With the Pirates leading 5-3 in the sixth, Reds pinch hitter Dan Driessen drilled a long fly to deep left field to open the inning.

The burly Stargell stole an extra base hit from Driessen by racing headlong into the fence. Stunned by the impact, he fell to the ground but held onto the ball.

"When the trainer gave me smelling salts, I told him to check the fence too," said Stargell. "I thought I ran into Mean Joe Green of the Steelers."

Stargell's homer gave the Pirates a

3-0 lead in the third off Reds starter Clay Kirby, now 7-7.

Kirkpatrick's two-run blast made it 5-0 and proved to be the winner. The triumph lifted the Bucs to the .500 mark for the first time this season.

"I like going down the stretch under pressure," said Stargell, whose homer was his 20th of the season.

"It was a dumb pitch with nothing on it," said Kirby.

The Cardinals beat the San Diego Padres 6-5 in 13 innings Monday night, while the second-place Philadelphia Phillies remained 1½ games out by beating the San Francisco Giants 4-1.

In the only other National League game played Monday, the New York Mets trimmed the Los Angeles Dodgers 3-1.

Two-run homers by Willie Stargell and Ed Kirkpatrick keyed the Pittsburgh attack, while Dave Giusti turned in a sparkling relief performance.

Phil's 4, Giants 1
Hot-hitting Willie Montanez hit two

doubles and drove in a pair of runs to pace the Phillies past the Giants. The 26-year-old outfielder, on the trading block last winter and in a slump earlier this year, now has hit safely in 32 of his last 33 games, dating back to July 13, when Montanez cracked four hits against San Francisco.

Cards 6, Padres 5
Bake McBride's bases-loaded sacrifice fly in the 13th inning drove in the winning run for the Cardinals.

Danny Godby singled to lead off the Cardinal rally and was sacrificed to second base. Lou Brock beat out a grounder to short, Godby dashing to third. Ted Sizemore was walked intentionally walked to load the bases, setting the stage for McBride's RBI fly ball.

Mets 3, Dodgers 1
John Milner slammed his 18th homer, a tape-measure shot off the scoreboard behind the fence in right center, to power the Mets past the Dodgers, who blew a chance to stretch their 5½-game lead over Cincinnati in

the NL West.

Milner jumped on an Andy Messersmith pitch in the sixth inning and sent it crashing off the scoreboard some 435 feet away. It was estimated to be the longest homer ever hit to right field in Shea Stadium's 10-year history.

Armbroro Orlando Is Scioto Winner

COLUMBUS, Ohio (AP)—Armbroro Orlando took the lead at the one-quarter pole and never was headed in winning the featured race at Scioto Downs Monday night.

Trotting the mile in 2:05, the winner paid \$17.60, \$8.60 and \$4.40. Right Turn returned \$4.80 and \$3.40 for second and Valiant Prince, \$3.80 for show.

The 8-1 daily double combination of Ice Wave and Senate Gene was worth \$200.60.

The quinella payoffs were 5-6 for \$226.50 in the fourth race, 1-4 for \$43.50 in the seventh and 2-6 for \$10.80 in the ninth.

A crowd of 4,225 wagered \$224,469.

Hurry Home Wins Latonia Feature

FLORENCE, Ky. (AP)—Hurry Home moved from last at the half mile to win the featured pace mile by half a length in 2:03 at Latonia Monday night, paying \$8, \$4.20 and \$3.40.

Limber Legs was second paying \$2.80 and \$2.40 and Kay Krel was third for \$3.

Eastern Deanna and Grand Topeka Boy, 4-5, paid \$17.50 in the daily double. The crowd of 2,171 bet \$130,058.

Yacht Competition Begins Today

CLEVELAND, Ohio (AP)—Competition in the Lightning Class North American Championships gets under way today on Lake Erie off suburban Rocky River.

The top 32 skippers in the eliminations compete in the five-race series for their continental title.

INSTALLER has excess rolls of Nylon and Acrilan. \$3.00 per yard installed. Terms available. 474-4940.

80-Yard Touchdown Pass Gives Browns 21-20 Win

CLEVELAND, Ohio (AP)—Neither Will Cureton nor Steve Holden claimed to have any lock on expertise after their passing combination pulled out a final seconds victory for the Cleveland Browns Monday night.

"It's the easiest pass in the world to throw," said quarterback Cureton, after his toss to Holden started an 80-yard touchdown play that paved the way for a Browns 21-20 victory over the San Francisco 49ers in National Football League preseason play.

"I just threw it up there and Holden can outjump anybody in the league," the rookie signal caller said. "I don't know how far I threw it, but it was far enough."

The Browns were losing 20-14 when Holden took the pass on the 49ers' 35-yardline and pranced into the end

By FRANCIS DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY

Aries (Mar. 21 to Apr. 20): Be flexible enough in thought and foresighted enough to take advantage of a new idea before someone else beats you to it. Resist tendencies toward doubt and skepticism.

TAURUS (Apr. 21 to May 21): Responsibility is the keyword here, and YOU know how to handle that! Don't undertake too many activities, however, or you'll do justice to none.

GEMINI (May 22 to June 21): A generally good day, but you may run into a few obstacles—which COULD be caused by your own procrastination, disinterest or skepticism. Avoid such negative approaches.

CANCER (June 22 to July 23): Don't try to reach for the unreasonable but do give painstaking effort, not only to routine endeavors, but to the "extras" which may come your way. It will pay off.

LEO (July 24 to Aug. 23): Past investments of time and effort now bring pleasing benefits, but don't rest on your laurels. Strike out for bigger and better attainment.

VIRGO (Aug. 24 to Sept. 23): Don't be overly critical—as you sometimes are. But recognize defects and aim constructively to cooperate with those who are genuinely trying to alter undesirable situations.

LIBRA (Sept. 24 to Oct. 23): A day in which to avoid making hasty decisions or drawing unwarranted conclusions without complete knowledge of facts. Otherwise, some nice advantages indicated.

SCORPIO (Oct. 24 to Nov. 22): An associate whose judgment is usually quite sound may unexpectedly advise some radical move. Don't listen. Be alert to possible consequences.

SAGITTARIUS (Nov. 23 to Dec. 21): Unusual activity indicated in business circles. This will be a time to show your mettle, to be willing to take on new responsibilities—which will pay off later.

CAPRICORN (Dec. 22 to Jan. 20): Do not become too deeply involved in the affairs of others or you could invite distress. A good outlook for travel plans and outdoor interests.

AQUARIUS (Jan. 21 to Feb. 19): A challenging day! New opportunities indicated,

chances to give more rein to your creative abilities.

PISCES (Feb. 20 to Mar. 20): You should be even more perceptive than usual now. No matter how great the opposition, stick to your decisions.

YOU BORN TODAY are endowed with a magnetic personality, vitality and an unusual gift of leadership. You are so extremely versatile that you could succeed in almost any field which appeals to you and for which you educate yourself. However, you would probably do your best in one of the professions. In such case, it will be important to remember, however, that you MUST curb an instinctive tendency to be dogmatic, or you could alienate associates. Your flair for the dramatic could make you an excellent trial lawyer or, on the stage, as an heroic actor. You could also succeed at writing and (or) music. Birthdate of: John Galsworthy and Sir Walter Besant, Eng. authors.

Beware Mothers-In-Law

ISTANBUL (AP)—Mothers-in-law can be hard to take, and Istanbul restaurateur Ismail Ardud found his especially difficult. When she finally persuaded her daughter to leave him after only nine months of marriage, Ardud thought up a revenge.

He had 1,000 handbills printed advertising the opening of a new brothel—at his mother-in-law's address—and distributed them on the streets of Istanbul.

The good lady, appalled by her stream of unwelcome callers, informed the police and Ardud has been arrested on a charge of defamation of character.

Prevention

GAINESVILLE, Ga. (AP)—Firemen in Hall County answered a call to a mobile home—not to extinguish a fire, but to prevent one.

Rose Marie Brown telephoned the Fire Department and said she was at work but couldn't leave.

Firemen went to her mobile home and turned off the stove which she had forgotten.

The largest and oldest firm of art auctioneers is Sotheby and Co. of New Bond Street, London, founded in 1744.

Views On Television

NEW YORK (AP)—You rarely hear much about Vietnam on network news shows these days. After 12 years as an almost-constant TV news fixture, it's almost America's forgotten story except for those who lived it.

But next month, NBC-TV may air a quartet of 60-minute shows about South Vietnam, taped there for an unlikely showcase—Tom Snyder's "Tomorrow" program. It all depends on how much of a war is going on there late this month.

The segments will be part of an 18,200-mile "Tomorrow" trip, scheduled to begin Aug. 22. In addition to Vietnam, three programs will be done in Hawaii and one in Hong Kong.

The first show will be taped entirely aboard a Hawaii-bound 747 jumbo jet, with a program guest list that includes veteran pilot Ernest Gann, author of "The High and the Mighty," and other aviation classics.

The aim of the Vietnam segments, says Snyder, simply is to see what the country is like today, a year after the last U.S. combat force pulled out of a bitter war that still continues in the northern and the central part of the country.

"Vietnam was so prominent in the news for what—10-12 years?—and meant so much or so little to people in the U.S. that I think it warrants going back to," Snyder said.

"We simply want to see if

we can give any assessments, any kind of look, or get any kind of feeling about what these days. America left behind there after fighting so long and so hard for all the things we were told we were over there for."

Snyder said he hopes to interview President Nguyen Van Thieu, as well as possibly visit the former U.S. base at Cam Ranh Bay and maybe do stories in My Lai, Da Nang and Hue. He said the itinerary isn't set yet.

But the talk show host made no bones about the fact he doesn't plan to become a war correspondent, voluntary or otherwise. He won't venture into active fighting areas, such as the Que Son Valley southwest of Da Nang.

"We're watching the whole scene with a little trepidation," he admitted. "There's still a war going on over there and probably, if it's widespread, we may just scrub the whole trip to Vietnam."

Blessed Event

FROME, England (AP)—Brewery worker Colin Bennett was loaned a car by his employers for the ride to work. A pair of blackbirds made a nest for four eggs in Bennett's own car. The car loan lasted until the eggs hatched.

The carp is among the comparatively few fish capable of making vocal noise.

74-75 MUSTANG MAJORETTES—Five Westfall High School girls have been chosen as majorettes to lead the 1974-75 Mustang Marching Band. Recently attending a majorette clinic at Muskingum College, the girls were awarded several outstanding ribbons for their efforts. The new majorettes have already led the band in parades at LeSourdsville Lake, Bexley, Laurelville and Derby. The girls, from the left, are: Bev Barnette, Kim Finch, Gloria Curry, head majorette; Cindy Tucker and Fonda Howard.

Memorial Strike To Close Down 1200 Coal Mines

WASHINGTON (AP) — The United Mine Workers union has called a work stoppage expected to close about 1,200 softcoal mines next week and lower the nation's stockpiles of coal.

UMW President Arnold Miller said Monday the shutdown will "commemorate the thousands of coal miners killed while working in the nation's mines, all the miners whose lives have been ravaged by black lung disease, and coal mining families who are victims of company violence designed to prevent them from winning protection of a United Mine Workers contract."

The shutdown, scheduled to start Monday and extend through the work week, will coincide with the planned opening of negotiations on a new nationwide UMW contract. The present contract expires Nov. 12.

The memorial period was called under a section of the UMW's contract with coal operators that allows memorial periods of up to 10 days duration at any union mine.

A coal industry spokesman, who declined to be identified, said, "This is a pretty bad time for a shutdown to take place. It's an out-and-out attempt to further dwindle coal stockpiles to put the union in a better bargaining position."

"The steel industry will be the first to feel this," he said.

Federal Energy Administrator John C. Sawhill deplored the planned

shutdown, saying it is "very much in the national interest to maintain our present coal production."

Sawhill said the memorial period will cost the nation 8 million tons of "badly needed" coal.

The heavy users of coal, such as U.S. Steel, had no immediate comment on the shutdown.

Coal-burning electric utilities and steel mills try to keep large stockpiles of coal on hand so they can absorb the impact of mine strikes. But the union has a stronger bargaining position when stockpiles are short.

The coal industry spokesman said the National Coal Association's latest figures show that as of June 1, steel mills had a 23-day supply of coal, coke oven plants had a 30-day supply and electric utilities a 92-day supply—all significantly less than that time last year.

Miller said 73 miners have died in mine-related incidents and 3,698 have been seriously injured so far this year. During this century, more than 100,000 coal miners have been killed in coal mine accidents, he said.

In addition, about 3,000 miners die each year as a result of black lung disease, Miller said.

"The giant energy conglomerates are being served notice by this memorial period that coal miners have had their fill of dying," the UMW president said.

HOMEcoming COURT—The 1974 Derby Homecoming Queen and Court were chosen during the first night of the three-day festival. Members of the court, from the left, are: Penny Connell, attendant, daughter of Mr. and Mrs. Emerson Connell, Circleville; Norma Lee Rowland, Queen, daughter of Mr. and Mrs. Norman Rowland, Orient; Lisa Hughs, attendant, daughter of Mr. and Mrs. Jack Hughs, Derby.

Ford Says Strong Defense Is Key To Foreign Policy

WASHINGTON (AP) — President Ford promises to support detente with the Soviet Union but he puts the accent on defense.

"Strong defense is the surest way to peace," he said Monday night in a first report to Congress and the nation. "Strength makes detente attainable. Weakness invites war, as my generation knows ..."

The speech reflected Ford's commitment during 25 years in Congress to a strong military— and his recent loyalty to the Nixon administration's bid to ease tensions with Moscow.

"To our two peoples, and to all mankind, we owe a continued effort to live, and where possible to work together in peace," Ford said.

"For, in a thermonuclear age, there can be no alternatives to a positive and peaceful relationship between our nations."

Ford did not specify how much the United States should be willing to limit its military arsenal in a mutual arms reduction with the Soviet Union.

One of his first big jobs will be to resolve differences between the Pentagon and the State Department in advance of a new round of nuclear arms talks in Geneva.

Continuity was the key word for the new President. He used it each time in outlining eight foreign policy guideposts. Among them:

For the European allies and Japan—"continuity in the loyal collaboration of our many mutual endeavors."

For mainland China—continuing on the course of friendship set by the Nixon Administration.

For the Arab states and Israel—"we shall carry out our promise to promote continuing negotiation among all parties for a complete, just and lasting settlement."

The Middle East seems sure to preoccupy Ford in his first week in the White House.

Secretary of State Henry A. Kissinger opened talks late Monday with Egyptian Foreign Minister Ismail Fahmy. Ford will see him on Wednesday and then receive Jordan's King Hussein on Friday.

The diplomacy is designed to set the

stage for a negotiated Israeli withdrawal from portions of the west bank of the Jordan River.

Treasury Secretary William E. Simon, meanwhile, is directing a separate series of conferences with visiting Egyptians that will result Wednesday in the signing of new economic, scientific and possibly cultural agreements between Washington and Cairo.

On the Soviet front, Kissinger confirmed that Leonid I. Brezhnev, the Communist party leader, had sent Kissinger a message, in addition to the formal, goodwill note Soviet President Nikolai Podgorny sent to the White House.

The contents of Brezhnev's message were not disclosed. White House sources said, meanwhile, that Ford may ask Brezhnev to advance his visit to the United States, now tentatively planned for late June or July.

These sources also said Ford is considering a goodwill tour of Western Europe. Later, a White House spokesman said any overseas travel probably would not come until after the November elections.

25,000 Gallons Of Crude Oil Destroyed

CYGNET, Ohio (AP)—Standard Oil Co. officials estimate about 25,000 gallons of crude oil valued at more than \$4,000 have been destroyed in a tank fire here.

Company officials said 5,000 gallons of oil had been pumped from the burning tank, but they then decided to let the fire burn itself out after attempts to fight the blaze with foam proved unsuccessful.

A dozen fire units were called to the Standard Oil Co. storage facility Sunday after lightning struck the tank and officials feared the fire might spread.

Authorities estimated the fire would burn itself out this afternoon.

Burns Undergoes Heart Surgery

LOS ANGELES (AP) — Comedian George Burns will be moved from the intensive care unit at Cedars of Lebanon Hospital today after undergoing open heart surgery, a hospital spokesman said.

Doctors said Monday that Burns, 78, was in stable and satisfactory condition, but the exact nature of the problem was not disclosed.

The surgery was performed Friday.

Plant Production To Resume Soon

McCOMB, Ohio (AP)—Officials of Food Packaging, Inc., whose plant near here was destroyed by fire Friday night, say they expect to resume production in alternate facilities within a week.

The firm said all key pieces of equipment used to process brown and powdered sugar were removed from the plant before the fire reached them. Officials said the firm is negotiating for temporary plant facilities in the area.
